Greetings Truckee Town Council,

Pursuant to the [Visit Truckee-Tahoe Advocacy Platform](#), our organization supports the two Resolutions proposed - specifically within Whereas, Resolution 2025-16:

"Recreation on our public lands is the backbone of Truckee's tourism economy, which generates \$244 million in annual visitor spending and approximately 1,600 jobs. Federal staffing cuts on our public lands will lead to fewer maintained trails, campground closures, and a diminished visitor experience. Anticipated impacts including a loss in visitation, reduced economic support of local businesses, increased risk of unsupported camping within forest service lands with no regulation or controls around campfires, heightening risk of wildland fires, increases in illegal parking, wildland degradation, closure of public restroom facilities, and increased trash, litter and human waste pollution;"

Thank you, Colleen Dalton, CEO
